

Electronic FAA Accelerated and Simplified Tasks (eFAST)

eFAST is a small business set-aside, master ordering agreement (MOA) for the Federal Aviation Administration (FAA). eFAST is specifically designed to facilitate acquisition of the broad range of professional and support services needed to support the FAA's mission, goals, and operations for 2010 and beyond.

eFAST services may be acquired individually to resolve specific resource requirements or consolidated to provide best-value solutions. The eFAST streamlined acquisition process allows quick access to Allied Technology's IT experts and helps to meet the customer's small business goals.

Benefits

- 7-year performance period
- Overall program ceiling is \$2 billion
- Contract types include fixed price, cost reimbursement, and T&M/LH
- Streamlined acquisition process
- FAA's preferred acquisition vehicle for small business solutions
- First-generation vehicle of its kind within the FAA
- Includes 8 functional areas encompassing 40 NAICS codes
- Multiyear, multiple-award, blanket purchase agreements rather than contracts
