

GSA Federal Supply Schedule 871 – PES

The Professional Engineering Services (PES) schedule provides a streamlined approach for Federal agencies to access qualified firms in a multitude of engineering disciplines.

This multiple-award schedule (MAS) grants agencies direct access to the commercial experts who can address the needs of the Federal engineering community. Six Special Item Numbers (SINs) comprise the distinct phases of an engineering project that engage major disciplines:

- Mechanical
- Electrical
- Chemical
- Components of civil engineering
- Subdisciplines such as aerospace, nuclear, bioengineering, and marine architecture
- Construction management

Benefits

- GSA schedules offer direct delivery of state-of-the-art, high-quality commercial services and products at volume discount pricing
- All customers, even those in remote locations, can order the latest technology and quality services and products conveniently and at most-favored customer prices
- Schedules offer potentially shorter lead-times and lower administrative costs
- When using GSA schedules, ordering activities contribute toward meeting small business goals
- GSA Schedules also offer features such as:
 - Blanket purchase agreements
 - Contractor team arrangements
 - Price reductions
 - Purchase card acceptance
